

Figure 1

Figure 2

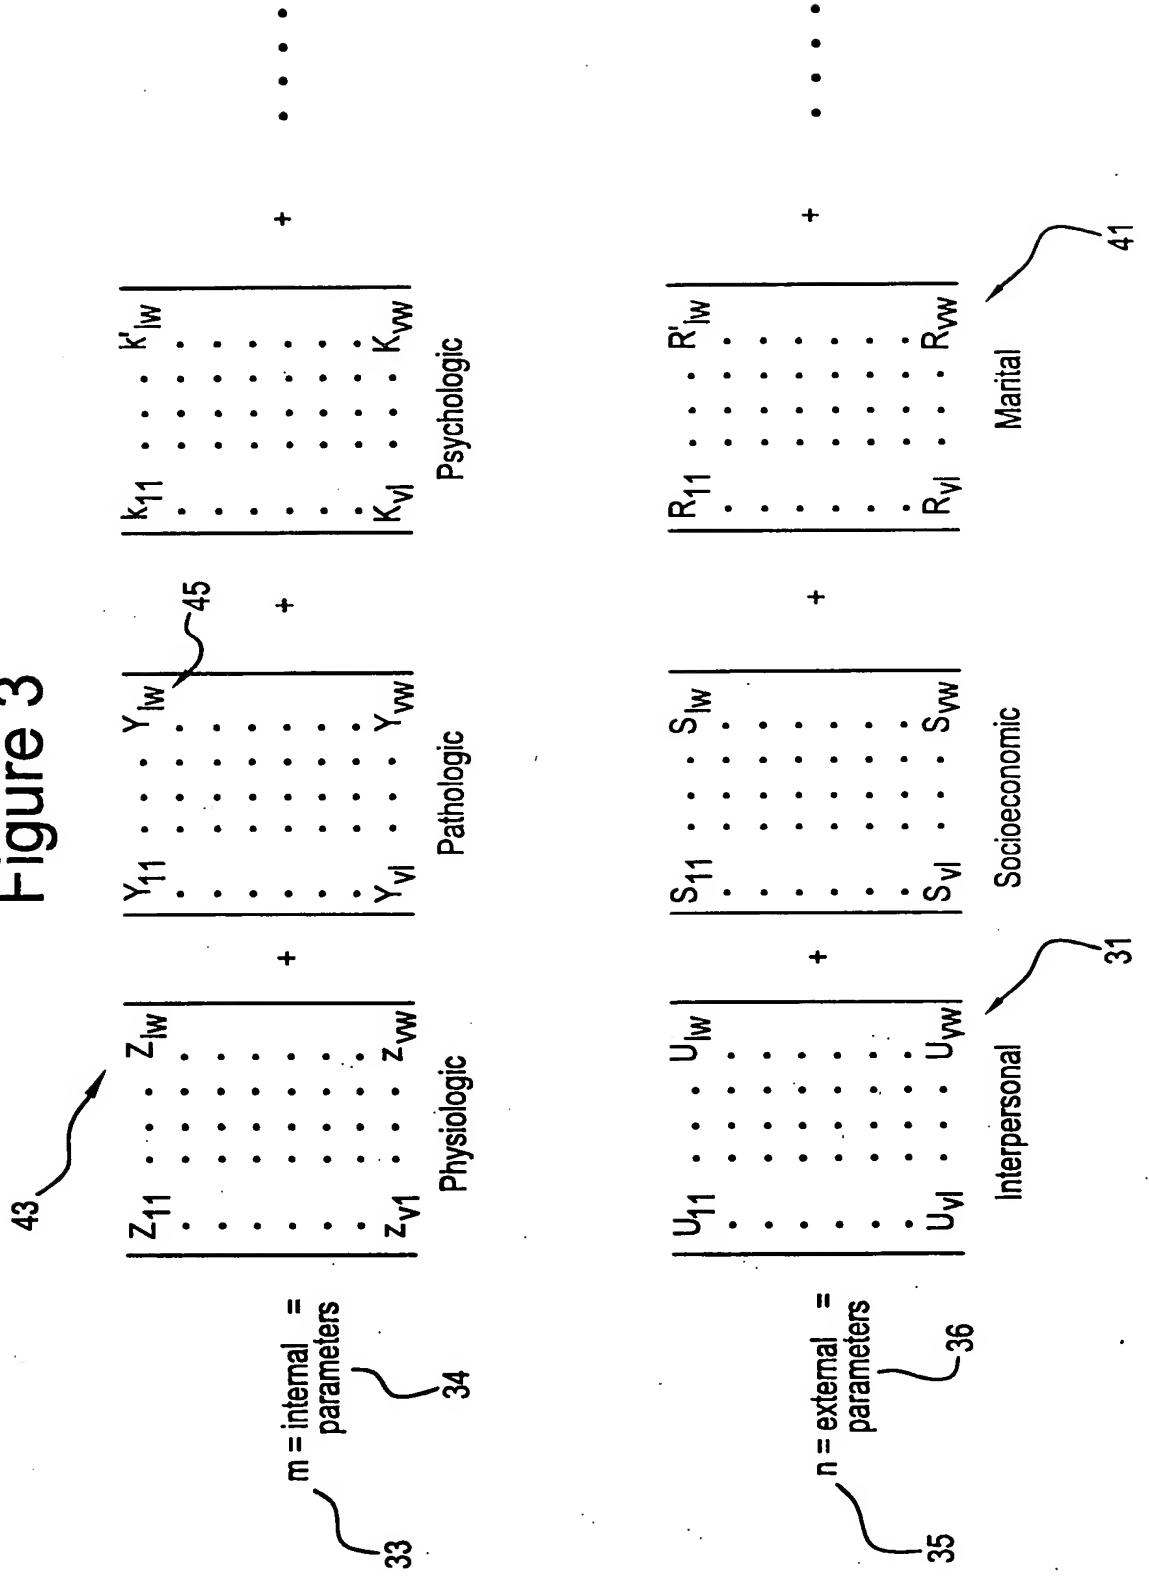

Figure 3

A perspective view of a four-layered grid structure. The structure consists of four parallel horizontal layers, each divided into a 3x3 grid of squares. The layers are stacked vertically. Brackets and labels indicate dimensions: x_1 for the total height, x_3 for the height of one layer, x_4 for the width of one layer, x_5 for the total width, x_6 for the width of one layer, and 57, 59, 41 for specific structural features.

$$f = \bar{x}_1, \bar{x}_3 \bar{x}_5 \vee x_1 x_3 x_5 \vee \bar{x}_3 x_4 \bar{x}_5 x_6$$
